1 Selecting Fabrics

A pillowcase is a great decorating accessory for your bedroom. Choose 3 different fabrics—coordinate them with a quilt, splash colors into a room or decorate for a holiday.

2 Sewing the Pillowcase

All seams are 1/2" unless otherwise noted.

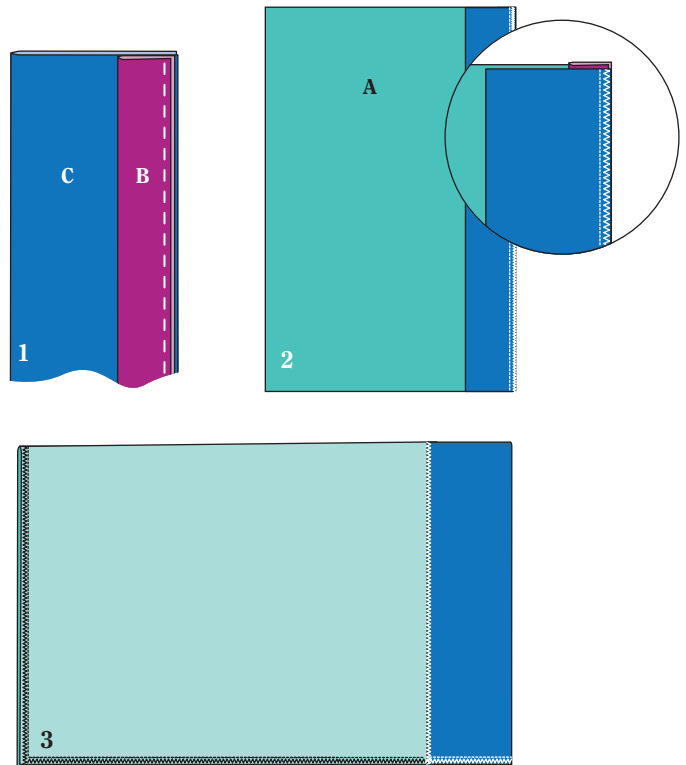

With wrong sides of the fabric together, fold the contrasting band in half lengthwise and press. Do the same with the trim.

Pin the folded trim strip to the band and then baste, using longer stitches, 1/8" from the raw edges along the length of the strips (*fig. 1*).

Pin the band to the right side of the pillowcase panel along the 42" edge with the raw edges aligned and the trim sandwiched in the middle; sew together. Zigzag the raw edges and press the seams toward the pillowcase (*fig. 2*).

Fold the pillowcase, right sides of the fabric together, matching the band seamline and lower edges, and stitch the raw edges together (*fig. 3*).

Trim the corners to reduce the bulk. Zigzag the raw edges and turn the pillowcase right side out; press. ■
