

# Hearts for Linus

## A Pro Bono Quilt For You To Make

QUILTMAKER has been an ardent supporter of Project Linus, and would like to invite you to use this pattern for Make-A-Blanket Day February 17, 2001. Ways you can help:

- Make and send as many heart blocks as you can by February 9 to QUILTMAKER's Quilts to Comfort, 741 Corporate Circle Suite A, Golden, CO 80401. Our local group will sew them into quilts for Make A Blanket Day on February 17.
- Take blocks to your local chapter and help them sew the blocks into quilts on Make-A-Blanket Day.
- Make quilts following the pattern in the Jan/Feb '01 (No. 77) issue of *Quiltmaker* magazine or using any set you wish. Send them to a Project Linus chapter of your choice or to us by March 30, 2001.

For more information and to find a Project Linus chapter near you, visit the Project Linus web site at [www.projectlinus.org](http://www.projectlinus.org).

### Part 1

Have you been looking for an easy foundation-piecing block to use for your scraps? This is it—and it's also perfect to teach a friend foundation piecing. For more detailed directions on foundation piecing, see "Basic Lessons" on the QuiltersVillage.com web site

**1** Make one copy of the paper foundation for each heart block you wish to make. The quilt pattern presented in *QM* Jan/Feb '01 (No. 77) requires 10 heart blocks.

**2** For each block, use light scraps for the background patches and a contrasting fabric for the heart. Following numerical order, foundation piece the block. Trim away excess fabric and paper along the outer lines. Do not yet remove the paper from the block.
