

# Logs on a Roll

## Alternate Settings

# Quiltmaker

Web Extra from  
*QUILTMAKER* magazine  
[quiltmaker.com](http://quiltmaker.com)

Barb Gardner trimmed the corners off traditional Log Cabin blocks, and swapped block centers to create a fascinating spinning effect. By varying the block placement, you can create many different designs. Try one of these or develop your own setting. Complete directions for *Logs on a Roll* appear in *QUILTMAKER* Jan/Feb '06 (No. 107). If that issue is no longer available at your local quilt shop, check back issue availability at [VillageQuiltShoppe.com](http://VillageQuiltShoppe.com).
